6 Outlet 1050 Joule Surge Protector with 6′ Cord
GXS-806

Protect computers and other office or home devices against damage from harmful power surges and spikes. Our high quality components and superior manufacturing ensure supreme protection for your valuable equipment.

Power spikes and voltage fluctuations are common, seriously damage expensive equipment, and permanently erase data. Protect yourself with this 6-outlet 1050 Joule Surge protector from GoldX® PlusSeries®. This surge protector has patented automatically closing safety covers that prevent moisture, dust and other object from entering the outlets, yet when a plug is inserted with equal pressure on both prongs, the cover will move aside with ease.

The 24 Karat connected equipment warranty will cover damage up to $10,000 when using this product Protect computers and other office or home devices against damage from harmful power surges and spikes.

Features	Technical Specifications
• 6 Grounded Power Outlets • Complete Surge Protection (Hot to Neutral, Hot to Ground, Neutral to Ground) • EMI/RFI noise filter • Patented 15 Amp circuit breaker and lighted power switch (2 in 1) • Patented Automatic Closing Safety covers • Power shut down protection through thermal overload protection • Properly Grounded Outlet Indicator Light • Surge Protection Active Indicator Light	• Surge/Spike Dissipation: 1,050 Joules • Max Power Rating: 6,500 Amps • Response time: Faster than 1 nanosecond • Electrical rating: 125 Volts, 60 Hertz, 15 Amps, 1,875 Watts • Clamping voltage: 330 Volts • EMI/RFI noise filtering: up to 20 dB from 150 KHz to 30 MHz • Overload protection: 125 Volts, 15 Amp circuit breaker
